

WALTER KNOLL

FK bucket chairs and FK LOUNGE. Design: Preben Fabricius, Jørgen Kastholm.

FK – Scandinavian design by Fabricius and Kastholm – is classic design history. In the sixties the bucket seat was laying down markers for a new formal language: FK – the unique form, the clear contours, the perfect lines. Bucket and three-star base, volume and lightness – a graphic image of compelling conciseness.

Product description

Design awards
