

COVER CHAIR

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

THOMAS BENTZEN ON THE DESIGN "Cover is born from a desire to create a comfortable and contemporary armchair in wood. I aimed for a crisp and vivid expression in the plywood while looking for a solid and grounded look in the frame and base of the chair. Three years of play and hard work in the making has resulted in a light, yet strong armchair, playing and taking the molded veneer to its extreme."

PROCESS

The Cover chair is made from all wood and no metal. The wood is folded over the chairs legs and back rest. This technical innovation of the wood layering locks the chair together. Upholstered versions with textiles from Kvadrat or silk leather from Camo leathers.
