ACCESSORIES

-

**Defective frame and topplate can be replaced.*

CLEANING AND MAINTENANCE

For dusting and light cleaning of the frame and table top use a soft, dry cloth.

For further cleaning of the frame, use a soft cloth that is firmly wrung in clean water for gently wiping the surface, and then immediately use a dry cloth to wipe the surface again.

If more thorough cleaning is necessary, use a mild detergent or washing-up liquid dissolved in water on a firmly wrung cloth to wipe the seat. Afterwards, repeat the process with clean water as described above. For cleaning of the marble top use a soft cloth firmly wrung in water mixed with soap flakes. Scrub the surface into the soapy water, leave it for 5-10 min and then rinse in clean cold water.

Polish with a soft cloth after wiping.

Do not use materials for maintenance that:

- Contain abrasive agents.
- Are basic, acidiferous or organic.

For the best maintenance of the product, protect it against sunlight and heat, and try to keep it away from moisture, grease and other dirt.

Furthermore, protect the surfaces against sharp objects and other that might scratch.

ENVIRONMENT

Parts can be separated and sorted for recycling.
